MI Technical Solutions, Inc. Receives the 2025 Secretary of Defense Employer Support Freedom Award (ESGR)

Joint Base Myer-Henderson Hall, VA May 6, 2026 – Lieutenant General Jon Stubbs, Director of the Army National Guard, hosted a reception at Joint Base Myer-Henderson to recognize outstanding support for National Guard and Reserve employees and their employers. Lieutenant General Stubbs, along with Command Sergeant Major James Kendrick, Sergeant Major of the Army National Guard, presented MI Technical Solutions (MITS) with a plaque and command coins commemorating MITS receiving the 2025 Employer Support of the Guard and Reserve (ESGR) Freedom Award. The award reception was followed by the Twilight Tattoo where ceremonial demonstrations and historical military reenactments were performed by the US Army's 3rd Infantry Regiment (The Old Guard).

The Secretary of Defense Employer Support Freedom Award is the highest recognition given by the U.S. Government to employers for exceptional support of National Guard and Reserve employees. Instituted in 1996, it recognizes employers who provide superior flexibility, benefits, and support to their military employees. Nominations are reviewed by ESGR State Committees and if recommended for award consideration, nominations are reviewed by a national selection board which selects up to 15 employers annually to receive the award.

MITS is truly honored to have earned this distinction from the ESGR and the Department of Defense. Over 63% of our workforce is made up of Guard, Reserve, and Veteran employees who play an integral part in our support to our Government customers.
